

Australian Journal of Botany

Volume 26

Melbourne 1978

Australian Journal of Botany

A medium for the publication of results of original scientific research in botany.

Board of Standards

The Board of Standards for this Journal is appointed by the Commonwealth Scientific and Industrial Research Organization and the Australian Academy of Science and consists of:

L. T. Evans (Chairman)
A. R. H. Cole
R. W. Crompton
B. V. Hamon
G. A. Horridge
L. G. Paleg
A. J. Pittard
J. P. Quirk
B. J. Robinson
D. E. Tribe
C. H. Tyndale-Biscoe
A. B. Wardrop
B. J. Walby (Editor-in-Chief)

Advisory Committee

Acceptance of papers for this Journal is in the hands of an Advisory Committee consisting of a Chairman appointed by the Executive of CSIRO and the Council of the Australian Academy of Science, and members appointed by the Board of Standards.

A. B. Wardrop (Chairman)
M. M. Hindmarsh
R. T. Lange
A. J. McComb
L. L. Stubbs
H. B. S. Womersley
B. J. Walby (*ex officio*)

Published in Melbourne for the Commonwealth Scientific and Industrial Research Organization and the Academy of Science under the editorial control of G. J. Wylie and Mrs A. B. Williams.

Issued six times a year.

Annual subscription \$A30.

Indexes to Volume 26

Author Index

- Anderson, C. A., and Ladiges, Pauline Y.—
Comparison of three populations of
Eucalyptus obliqua L'Hérit growing on
acid and calcareous soils in southern
Victoria 93
- Anderson, D. J. See Williams, D. G. 381
- Ashcroft, W. J. See Murray, D. R. 755
- Ashton, D. H. See Farrell, T. P. 365
del Moral, R. 203
- Attiwill, P. M., Guthrie, H. B., and
Leuning, R.—
Nutrient cycling in a *Eucalyptus obliqua*
(L'Hérit.) forest. I. Litter production
and nutrient return 79
- Attiwill, P. M. See also Guthrie, H. B. 189
- Bamber, R. K., and Mullette, K. J.—
Studies of the lignotubers of *Eucalyptus*
gummifera (Gaertn. & Hochr.). II.
Anatomy 15
- Bamber, R. K. See also Mullette, K. J. 23
- Bamber, R. K., Summerville, Rosanne, and
Gregory, Jeanette—
Unusual cells in the mesophyll zone of the
leaves of *Araucaria* 177
- Baqar, M. R. See Simpson, D. J. 783, 793
- Boughton, T. J., Malajczuk, N., and
Robson, A. D.—
Suppression of the infection of jarrah
roots by *Phytophthora cinnamomi* with
lime application 611
- Bradley, V., Collins, D. J., Crabbe, P. G.,
Eastwood, F. W., Irvine, M. C., Swan
J. M., and Symon, D. E.—
Survey of Australian *Solanum* plants for
potentially useful sources of
solasodine 723
- Burbidge, A. H. See Hopper, S. D. 319, 335
- Buttrose, M. S. See Sedgley, M. 663
- Byrt, Pauline N., and Holland, A. A.—
Infection of axenic *Eucalyptus* seedlings
with *Phytophthora cinnamomi*
zoospores 169
- Carolin, R. C., Jacobs, S. W. L., and Vesk,
Maret—
Kranz cells and mesophyll in the
Chenopodiales 683
- Carter, C. R.—
Cytology of *Brachycome*. II. The
subgenus *Metabrachycome*: a general
survey 699
- Coates, D. J. See Hopper, S. D. 319
- Collins, D. J. See Bradley, V. 723
- Crabbe, P. G. See Bradley, V. 723
- Cunningham, R. B. See Shepherd, C. J. 139
- Dell, B.—
Conversion of mevalonic acid by tissue
cultures and leaves of *Eremophila*
fraseri F. Muell. (Myoporaceae) 1
- Dharamadhaj, P., and Prakash, N.—
Development of the anther and ovule in
Capsicum L. 433
- Dixon, K. W., and Pate, J. S.—
Phenology, morphology and reproductive
biology of the tuberous sundew,
Drosera erythrorhiza Lindl. 441
- Dixon, K. W. See also Pate, J. S. 455
- Ducker, Sophie C., Pettitt, J. M., and
Knox, R. B.—
Biology of Australian seagrasses: pollen
development and submarine pollination
in *Amphibolis antarctica* and
Thalassodendron ciliatum
(Cymodoceaceae) 265
- Eastwood, F. W. See Bradley, V. 723
- Farrell, T. P., and Ashton, D. H.—
Population studies on *Acacia melanoxylon*
R. Br. I. Variation in seed and
vegetative characteristics 365
- Gaff, D. F., and Latz, P. K.—
Occurrence of resurrection plants in the
Australian flora 485
- Gregory, Jeanette. See Bamber, R. K. 177
- Groves, R. H.—
Growth of heath vegetation. IV. Effects
of temperature on growth of *Banksia*
ornata, *B. serrata* and *B. serratifolia* 45
- Guthrie, H. B., Attiwill, P. M., and
Leuning, R.—
Nutrient cycling in a *Eucalyptus obliqua*
(L'Hérit.) forest. II. A study in a
small catchment 189

- Guthrie, H. B. *See also* Attiwill, P. M. 79
Hallam, N. D. *See* Salkin, A. 707
Sward, R. J. 29
- Halsall, D. M.—
Comparison of *Phytophthora cinnamomi* infection in *Eucalyptus sieberi*, a susceptible species, and *Eucalyptus maculata*, a field resistant species 643
- Hill, R. S.—
Two new species of *Bowenia* Hook. ex Hook. f. from the Eocene of eastern Australia 837
- Hodgkinson, K. C., and Quinn, J. A.—
Environmental and genetic control of reproduction in *Danthonia caespitosa* populations 351
- Holland, A. A. *See* Byrt, Pauline N. 169
Sward, R. J. 29
- Hope, G. S.—
Late Pleistocene and Holocene vegetational history of Hunter Island, north-western Tasmania 493
- Hopper, S. D.—
Experimental study of competitive interference between *Anigozanthos manglesii* D. Don, *A. humilis* Lindl. and their F_1 hybrids 807
Progeny trials in an introgressive hybrid population of *Anigozanthos* Labill. (Haemodoraceae) 309
- Hopper, S. D., and Burbidge, A. H.—
Assortative pollination by red wattlebirds in a hybrid population of *Anigozanthos* Labill. (Haemodoraceae) 335
- Hopper, S. D., Coates, D. J., and Burbidge, A. H.—
Natural hybridization and morphometric relationships between three mallees (*Eucalyptus* spp.) in the Fitzgerald River National Park, W.A. 319
- Hopper, S. D., and Maslin, B. R.—
Phytogeography of *Acacia* in Western Australia 63
- Irvine, M. C. *See* Bradley, V. 723
- Jacobs, S. W. L. *See* Carolin, R. C. 683
- Johnston, C. R. *See* Watson, L. 235
- Knox, R. B. *See* Ducker, Sophie C. 265
- Kraft, G. T.—
Studies of marine algae in the lesser-known families of the Gigartinales (Rhodophyta). III. The Mychodeaceae and Mychodeophyllaceae 515
- Ladd, P. G.—
Vegetation history at Lake Curlip in lowland eastern Victoria, from 5200 B. P. to present 393
- Ladiges, Pauline Y. *See* Anderson, C. A. 93
- Lange, R. T.—
Carpological evidence for fossil *Eucalyptus* and other Leptospermeae (subfamily Leptospermoideae of Myrtaceae) from a Tertiary deposit in the South Australian arid zone 221
- Latz, P. K. *See* Gaff, D. F. 485
- Lee, T. H. *See* Simpson, D. J. 783, 793
- Lennox, F. G. *See* Murray, D. R. 755
- Leuning, R. *See* Attiwill, P. M. 79
Guthrie, H. B. 189
- Malajczuk, N. *See* Boughton, T. J. 611
- Maslin, B. R. *See* Hopper, S. D. 63
- del Moral, R., Willis, R. J., and Ashton, D. H.—
Suppression of coastal heath vegetation by *Eucalyptus baxteri* 203
- Mott, J. J.—
Dormancy and germination in five native grass species from savannah woodland communities of the Northern Territory 621
- Mullette, K. J.—
Studies of the lignotubers of *Eucalyptus gummifera* (Gaertn. & Hochr.). I. The nature of the lignotuber 9
See also Bamber, R. K. 15
- Mullette, K. J., and Bamber, R. K.—
Studies of the lignotubers of *Eucalyptus gummifera* (Gaertn. & Hochr.). III. Inheritance and chemical composition 23
- Murray, D. R., Ashcroft, W. J., Seppelt, R. D., and Lennox, F. G.—
Comparative biochemical and morphological studies of *Acacia sophorae* (Labill.) R. Br. and *Acacia longifolia* (Andrews) Willd. 755
- Parker, C. A. *See* Sivasithamparam, K. 773
- Parsons, R. F. *See* Russell, R. P. 53
- Pate, J. S., and Dixon, K. W.—
Mineral nutrition of *Drosera erythrorhiza* Lindl. with special reference to its tuberous habit 455
- Pate, J. S. *See also* Dixon, K. W. 441
- Paton, D. M.—
Eucalyptus physiology. I. Photoperiodic responses 633

- Petersen, R. H.—
 Genus *Clavaria* in south-eastern Australia 415
 Genus *Ramariopsis* in south-eastern Australia 425
- Pettitt, J. M. See Ducker, Sophie C. 265
- Prakash, N. See Dharamadhaj, P. 433
- Quinn, J. A. See Hodgkinson, K. C. 351
- Robson, A. D. See Boughton, T. J. 611
- Russell, R. P., and Parsons, R. F.—
 Effects of time since fire on heath floristics at Wilson's Promontory, southern Australia 53
- Salkin, A., and Hallam, N. D.—
 The topodemes of *Banksia canei* J. H. Willis (Proteaceae) 707
- Sedgley, M., and Buttrose, M. S.—
 Structure of the stigma and style of the avocado 663
- Seppelt, R. D. See Murray, D. R. 755
- Shepherd, C. J.—
 Mating behaviour of Australian isolates of *Phytophthora* species. I. Inter- and intraspecific mating 123
- Shepherd, C. J., and Cunningham, R. B.—
 Mating behaviour of Australian isolates of *Phytophthora* species. II. *Phytophthora cinnamomi* 139
- Simpson, D. J., Baqar, M. R., and Lee, T. H.—
 Chromoplast ultrastructure in fruit of *Solanum pseudocapsicum* and fruit and sepals of *Physalis alkekengi* 793
 Fine structure of the chromoplasts of fruit of *Solanum aviculare* Forth. var. *brisbanense* 783
- Sivasithamparam, K., and Parker, C. A.—
 Effects of certain isolates of bacteria and actinomycetes on *Gaeumannomyces graminis* and take-all of wheat 773
- Slater, K. R. See Williams, D. G. 381
- Slater, R. O.—
 Altitudinal variation in the photosynthetic characteristics of snow gum, *Eucalyptus pauciflora* Sieb. ex Spreng. VII. Relationship between gradients of field temperature and photosynthetic temperature optima in the Snowy Mountains area 111
- Stace, Helen M.—
 Cytoevolution in the genus *Calotis* R. Br. (Compositae: Astereae) 287
- Summerville, Rosanne. See Bamber, R. K. 177
- Swan, J. M. See Bradley, V. 723
- Sward, R. J.—
 Infection of Australian heathland plants by *Gigaspora margarita* (a vesicular-arbuscular mycorrhizal fungus) 253
- Sward, R. J., Hallam, N. D., and Holland, A. A.—
Endogone spores in a heathland area of south-eastern Australia 29
- Symon, D. E. See Bradley, V. 723
- Thinh, Luong-Van—
 Photosynthetic lamellae of *Prochloron* (Prochlorophyta) associated with the ascidian *Diplosoma virens* (Hartmeyer) in the vicinity of Townsville 617
- Vesk, Maret. See Carolin, R. C. 683
- Vithanage, Kumudini. See Weste, Gretna 153, 657
- Wade, G. C. See Walker, R. R. 239
- Walker, R. R., and Wade, G. C.—
 Resistance of potato tubers (*Solanum tuberosum* L.) to *Phoma exigua* var. *exigua* and *Phoma exigua* var. *foveata* 239
- Watson, L., and Johnston, C. R.—
 Taxonomic variation in stomatal insertion among grass leaves 235
- Weste, Gretna, and Vithanage, Kumudini—
 Effect of *Phytophthora cinnamomi* on microbial populations associated with the roots of forest flora 153
 Seasonal variation in numbers of chlamydospore populations in Victorian forest soils infested with *Phytophthora cinnamomi* 657
- Williams, D. G., Anderson, D. J., and Slater, K. R.—
 Influence of sheep on pattern and process in *Atriplex vesicaria* populations from the Riverine Plain of New South Wales 381
- Willis, R. J. See del Moral, R. 203
- Withers, Jennifer R.—
 Studies on the status of unburnt *Eucalyptus* woodland at Ocean Grove, Victoria. II. Differential seedling establishment of *Eucalyptus ovata* Labill. and *Casuarina littoralis* Salisb. 465
 III. Comparative water relations of the major tree species 819

Subject Index

Acacia:

- melanoxylon*, variation in seed and vegetative characteristics 365
- Phytogeography of, in W.A. 63
- sophorae* and *longifolia*, biochemical and morphological studies of 755
- Amphibolis antarctica*, pollen development and submarine pollination in 265
- Anigozanthos*:
 - manglesii*, *humilis* and their hybrids, competitive interference between 807
 - Pollination in a hybrid population by red wattlebirds 335
 - Progeny trials in a hybrid population 309
- Araucaria*, unusual cells in the mesophyll zone of the leaves 177
- Atriplex vesicaria*, influence of sheep on pattern and process in populations 381
- Avocado, structure of stigma and style 663

Banksia:

- canei*, topodemes of 707
- ornata*, *serrata* and *serratifolia*, effects of temperature on growth 45
- Bowenia*, two new species from Eocene 837
- Brachycome*, cytology, survey of subgenus *Metabrachycome* 699
- Calotis*, cytological analysis of genus 287
- Capsicum, development of anther and ovule 433
- Chenopodiales, Kranz cells and mesophyll in 683
- Clavaria*, in SE. Australia 415

Danthonia caespitosa, environmental and genetic control of reproduction in 351

Drosera:

- erythrorhiza*, mineral nutrition of 455
- erythrorhiza*, phenology, morphology and reproductive biology 441

Ecology

- Carpological evidence for fossil *Eucalyptus* from the S. Aust. arid zone 221
- Comparison of three *Eucalyptus obliqua* populations in S. Victoria 93
- Competitive interference between *Anigozanthos manglesii*, *A. humilis* and their hybrids 807
- Effects of time since fire on heath floristics at Wilson's Promontory, Vic. 53
- Effects of temperature on *Banksia* spp. 45
- Endogone* spores in a heathland of SE. Australia 29

Ecology (Continued)

- Environmental and genetic control of reproduction in *Danthonia caespitosa* 351
- Hybridization between three mallees in W. Aust. 319
- Influence of sheep on pattern and process in *Atriplex vesicaria* populations 381
- Nutrient cycling in a *Eucalyptus obliqua* forest 79, 189
- Occurrence of resurrection plants in Australian flora 485
- Phytogeography of *Acacia* in W. Aust. 63
- Pollination of hybrid *Anigozanthos* by red wattlebirds 335
- Relationship between field and photo-synthetic temperatures of snow gum in Snowy Mts. 111
- Seed and vegetative characteristics in *Acacia melanoxylon* 365
- Studies on the status of unburnt *Eucalyptus* at Ocean Grove, Vic. 465, 819
- Suppression of coastal heath vegetation by *Eucalyptus baxteri* 203
- Topodemes of *Banksia canei* 707
- Vegetation history at Lake Curlip, E. Victoria 393
- Vegetation history of Hunter Is., NW. Tasmania 493
- Endogone* spores in a heathland area of SE. Australia 29
- Eremophila fraseri*, conversion of mevalonic acid by tissue cultures and leaves 1
- Eucalyptus*:
 - axenic seedlings, infection with *Phytophthora cinnamomi* 169
 - baxteri*, suppression of coastal heath by 203
 - fossil, carpological evidence for from S. Aust. arid zone 221
 - gummifera*, lignotubers of 9, 15, 23
 - jarrah roots, suppression of infection with lime 611
 - obliqua*, comparison of three populations in S. Victoria 93
 - obliqua*, litter production and nutrient return 79
 - obliqua*, study in a small catchment 189
 - ovata*, differential seedling establishment with *Casuarina littoralis* 465
 - pauciflora*, changes in photosynthetic characteristics in Snowy Mts. 111
 - photoperiodic responses 633
 - sieberi*, and *maculata*, *Phytophthora cinnamomi* infection of 643

Eucalyptus (Continued)

- spp., comparative water relations of, at Ocean Grove, Vic. 819
- spp., hybridization between three mallees in W. Aust. 319

Gaeumannomyces graminis, var. *tritici*, effects of certain bacteria and actinomycetes on 773

Genetics

- Cyt evolution in *Calotis* 287
- Cytology of *Brachycome*. II 699
- Hybridization and morphometric relationships between three mallees in W. Aust. 319
- Progeny trials in a hybrid population of *Anigozanthos* 309

Gigartinales (Rhodophyta), III. Families Mychodeaceae and Mychodeophyllaceae, marine algae in 515

Gigaspora margarita, infection of Australian heathland by 253

Grasses:

- Dormancy in five native species of the N.T. 621
- Leaves of, taxonomic variation in stomatal insertion among 235

Heath:

- Effects of temperature on growth of *Banksia ornata*, *B. serrata* and *B. serratifolia* 45
- Effects of time since fire on, at Wilson's Promontory 53
- Infection of by *Gigaspora margarita* 253

Lignotubers of *Eucalyptus gummifera*. I, II, III 9, 15, 23

Marine algae in families of the Gigartinales (Rhodophyta). III 515

Morphology and Ontogeny

- Chromoplast ultrastructure in fruit of *Solanum pseudocapsicum* and *Physalis alkekengi* 793
- Development of anther and ovule in *Capsicum* 433
- Kranz cells and mesophyll in the *Chenopodiales* 683
- Lignotubers of *Eucalyptus gummifera* 9, 15, 23
- Photosynthetic lamellae of *Prochloron* associated with ascidian *Diplosoma virens* 617
- Pollen development and submarine pollination in *Amphibolis antarctica* and *Thalassodendron ciliatum* 265

Morphology and Ontogeny (Continued)

- Structure of chromoplasts of fruit of *Solanum aviculare* var. *brisbanense* 783
- Structure of stigma and style of the avocado 663
- Unusual cells in mesophyll zone of the leaves of *Araucaria* 177
- Nutrient cycling in a *Eucalyptus obliqua* forest 79, 189

Pathology

- Comparison of *Phytophthora cinnamomi* infection in *Eucalyptus sieberi* and *E. maculata* 643
- Effect of *Phytophthora cinnamomi* on microbes in soil around roots of forest flora 153
- Effects of bacteria on take-all fungus of wheat 773
- Infection of Australian heathland by *Gigaspora margarita* 253
- Infection of axenic *Eucalyptus* seedlings with *Phytophthora cinnamomi* zoospores 169
- Mating behaviour of Australian isolates of *Phytophthora* spp. 123, 139
- Resistance of potato tubers to *Phoma exigua* vars. *exigua* and *foveata* 239
- Suppression of *Phytophthora cinnamomi* infection of jarrah roots with lime application 611
- Variation in chlamydospore populations in Victorian forest soils infected with *Phytophthora cinnamomi* 657

Phytochemistry and Physiology

- Australian *Solanum* plants as sources of solasodine 723
- Biochemical and morphological studies of *Acacia sophorae* and *A. longifolia* 755
- Chromoplast ultrastructure in fruit of *Solanum pseudocapsicum* and *Physalis alkekengi* 793
- Conversion of mevalonic acid by tissue cultures and leaves of *Eremophila fraseri* 1
- Dormancy and germination in five grass spp. from savannah woodlands of the N.T. 621
- Mineral nutrition of *Drosera erythrorhiza* 455
- Phenology, morphology and reproductive biology of *Drosera erythrorhiza* 441
- Photoperiodic responses of *Eucalyptus* 633
- Structure of chromoplasts of fruit of *Solanum aviculare* var. *brisbanense* 783

Phytophthora:

cinnamomi, comparison of infection in
Eucalyptus sieberi and *E. maculata* 643

cinnamomi, effect on soil microbial
populations 153

cinnamomi, infection of *Eucalyptus*
seedlings with zoospores 169

cinnamomi, mating behaviour of
Australian isolates 139

cinnamomi, numbers of chlamydospores in
infected Victorian forest soils 657

cinnamomi, suppression in jarrah roots,
with lime application 611

spp., mating behaviour of Australian
isolates 123

Potato. *See Solanum tuberosum*

Prochloron, lamellae of, associated with
ascidian *Diplosoma virens* 617

Ramariopsis, in SE. Australia 425

Resurrection plants, occurrence in the
Australian flora 485

Seagrasses. *See Amphibolis, Thalassodendron*

Snow gum. *See Eucalyptus pauciflora*

Solanum:

Australian spp. as potential sources of
solasodine 723

aviculare, var. *brisbanense*, structure of
chromoplasts of fruit 783

pseudocapsicum, and *Physalis alkekengi*,
chromoplast ultrastructure in fruit of 793

tuberosum, resistance of tubers to *Phoma*
exigua varieties 239

Status of unburnt *Eucalyptus* at Ocean
Grove, Vic. II, III 465, 819

Taxonomy

Australian *Solanum* plants as potential
sources of solasodine 723

Carpological evidence for fossil
Eucalyptus from the S. Aust. arid
zone 221

Comparative studies of *Acacia sophorae*
and *A. longifolia* 755

Families of Gigartinales (Rhodophyta)
515

Genus *Clavaria* in S.E. Australia 415

Genus *Ramariopsis* in SE. Australia 425

Taxonomic variation in stomatal insertion
among grass leaves 235

Two new species of *Bowenia* from
Eocene 837

Thalassodendron ciliatum, pollen development
and submarine pollination in 265

Variation in photosynthetic characteristics
of snow gum in Snowy Mts. VII 111

Vegetation history:

Hunter Island, NW. Tasmania 493

Lake Curlip, lowland E. Victoria, from
5200 B. P. 393

Wheat, take-all fungus. *See Gaeumannomyces*
graminis
